Hushabye
Nursery®

IMPACT REPORT

JANUARY 2023 - DECEMBER 2023

We offer compassionate, evidence-based care that positively changes lives.

Opioid Use Disorder (OUD) during pregnancy has been linked to serious negative health outcomes for pregnant women and developing babies including preterm birth, stillbirth, maternal mortality, and Neonatal Abstinence Syndrome (NAS).

Hushabye Nursery is working to improve systems to help ensure that every newborn experiencing NAS, and their family experiencing OUD, receive the right care at the right price for better overall health outcomes.

Reduced Length of Stay

Average NICU stay is

22 DAYS

in Current Standard of Care

Average Hushabye Nursery stay is

9 DAYS

Our innovative care model for treatment of NAS infants significantly decreases length of stay.

Dramatic Decrease in Cost

Average NICU cost is

\$44,824

Average Hushabye Nursery cost is

\$11,659

The financial savings to the health care industry could be substantial as a majority of newborns with NAS are insured by Medicaid.

COMMUNITY REFERRALS

Hushabye Nursery helps families navigate the health care maze as well as other critical systems and social services. We made

2,283

referrals to community partners.

Infants Breastfeeding **26%**

Decreased Usage of Morphine

Hushabye Nursery's integrated, family-centered, trauma-informed care model provides the ideal setting for implementation of the Eat, Sleep, Console method that minimizes the need for pharmacologic support.

98%

of NICU babies are treated with Morphine compared to

42%

at Hushabye Nursery

45%

of NICU babies who arrived at Hushabye had already been administered Morphine.

25%

of these babies were weaned on admission.

8%

received their first dose of Morphine at Hushabye Nursery.

We Served

724
PARENTS

(Outpatient) and

268
INFANTS

(Inpatient)

90 DAY FOLLOW UP

80%

Decrease in substance use.

77%

Increase in patient safety.

75%

Increase in parenting knowledge.

CLIENT SATISFACTION

99%

Would recommend the program to someone they cared about.

99%

Felt safe.

Since Opening November 2020

1656 PARENTS | 695 INFANTS

High Success Rate in Working With Mothers Prenatally

74%

of mothers who are prenatally involved with Hushabye Nursery safely maintained custody of their infant.

"I will be forever grateful for Hushabye. My recovery was something I wasn't sure existed. I am happy and healthy and so is my family. Hushabye is like my extended family as well. Thank you guys!"
